

# Autism Awareness & Acceptance Bingo

HAVE YOU EVER...

**Felt uncomfortable around large groups of people**

**Felt calmed by holding something in your hand that felt good, like a fuzzy toy or stress ball**

**Felt overly emotional about something that seemed so trivial to someone else**

**Been a picky eater because you didn't like the texture of a food**

**Passionate about learning something specific**

**Had difficulty with being patient**

**Wanted to do something your way because it just made more sense**

**Loved others and wanted to be loved in return**

**Wanted people to just SEE you for the wonderful person you are**

WE ALL HAVE SOMETHING IN COMMON!
